Ayurveda – the ‘science of life’ from India – is a holistic knowledge system focused on the connections between body, mind and soul, and represents the oldest form of conventional medicine in the world. The balance of all of the forces residing in the body is the basis for a healthy and fulfilled life.

Doshas – Ayurvedic typology

The relationship between the three Doshas (Vata, Pitta and Kapha) is not only crucial for our overall health, it also shapes our individual physical, mental and emotional characteristics.

Vata types are light and slim in build, sensitive to the cold, flexible and constantly on the go. They are quick, creative thinkers with a nervous and anxious manner. If the relationship between their physical forces is disturbed, Vatas tend to suffer with sleeping issues, digestive problems and lower back pain. Their skin is generally dry.

The **Pitta type** has an athletic build, a reddish complexion, light-coloured hair and sensitivity to the heat. They enjoy being leaders and are determined, intelligent and fearless, but lose their composure quickly,

are egocentric, often quick-tempered and (too) focused on work. If their Dosha relationship is disturbed, the Pitta type is susceptible to gastric and intestinal ulcers, cardiovascular diseases, infections and inflammations.

People belonging to the **Kapha type** have a heavier build with light-coloured, smooth skin, thick hair and a lot of fatty tissue. They are patient, cautious and tolerant. Kapha people remain level-headed even in stressful situations. If their Dosha relationship is thrown out of sync, Kaphas are likely to suffer excess weight, water retention, digestive problems, diabetes and respiratory diseases.

FAR EASTERN FITNESS

DOLLINA Yoga in the Black Forest

Stretch and lengthen the body as you breathe slowly in and out: Yoga strengthens the body, calms the mind and brings us into harmony with ourselves. Daily Yoga classes are held Monday to Friday – provided the weather is nice, these take place in our beautiful park with far-reaching views over the Rhein valley.

SPA ETIQUETTE

What to wear

Please arrive for your treatment in your underwear or swimwear and bathrobe. Most treatments take place unclothed, however during massage we use covering techniques to ensure your privacy. We can also provide disposable briefs.

As you arrive at the DOLLINA Spa & Health, we will provide you with a bag filled with towels, including one for you to lie on. For environmental reasons, no other towels are allowed in the sauna area.

Sauna etiquette

Sauna etiquette differs throughout Europe; in our saunas, guests may be naked or in a swimsuit – it is entirely up to them. Whatever you decide, please place a towel underneath you during your sauna.

Booking spa appointments

During your treatments the focus is solely on you. You will have the full attention of our spa therapists from start to finish. To guarantee the availability of your preferred appointment, we recommend booking your treatments early – ideally at the same time as your room reservation.

A treatment tailored to your needs

Speak to our trained therapists about what you would like from your treatment and let them know of any health issues. Being aware of any possible health impairments, allergies, medications or pregnancy means we can discuss together the perfect programme for you.

Totally undisturbed

You are here to rest your body, mind and soul. It's vital that the peaceful and relaxing atmosphere is not disturbed by loud conversations or mobile phones. We therefore ask that guests do not use mobile phones in our DOLLINA Spa & Health.

Ease yourself in

Get yourself in the mood for your treatment: a warm shower or visit to the sauna is a great way to prepare. Please arrive at the spa reception around 5 minutes before your treatment appointment. Please bear in mind that if you arrive late your treatment time may be shortened in consideration of the next guests.

If you need to cancel

Please note that late cancellations will incur a charge of 80% of the treatment price. Cancellations made with at least 24 hours' notice will not be charged.

Plenty to go around

We have made sure there are enough loungers and resting spots available for our guests. So we ask that you do not reserve loungers – even if you don't secure your lounger in advance, there will always be one free for you to use!

For our younger guests

Your children are welcome to use the swimming pool, but we politely ask you to keep in mind that children under 14 are not permitted to access our sauna area and relaxation zones.
